**Love from VW!** Sending all our VW subscribers and fans showers of appreciation for all you do to make VenturaWedding.com a more enjoyable and useful experience for brides! This month we've got some hand-selected diy projects as well as inspiring wedding décor concepts! All this in addition to the very best online directory of fabulous local wedding venues: [VenturaWedding.com](http://VenturaWedding.com)!

### ***Wedding Ideas & Inspiration***

We're super excited to bring you two new fun blog articles: "[DIY Wedding Jewelry](#)" and "[Art as Wedding Décor: Artistic Wedding Ideas & Inspiration](#)." After searching several jewelry tutorials for the fastest and easiest projects we came up with three selections that are not only super easy and affordable, but also super stylish and wedding-wear worthy. Be sure to check them out, give 'em a try, and let us know what you think!

Our second article was completely art inspired for you brides out there who love creativity and outside-the-box ideas. Let your own unique artistic style and vision be reflected on your wedding day by getting creative with twists on the traditional wedding décor: instead of floral centerpieces create a playful indoor topiary garden with shaped shrubbery or utilize sculpture to decorate table tops instead of flowers (they last longer and can be reused too!). Also consider your material choices, for example white flowing drapery is nice but why not use feathers instead? For more ideas and our inspiring photo selections, please [visit our blog](#).

If you haven't already, be sure to [subscribe to our blog](#) to receive each new article in your inbox (2 amazing articles each month)!
