Sizzling Summer Weddings

Summer is a great season to get married. In California, there is an extremely slim chance of showers, plenty of sunshine, and lots of great options for wedding venues indoors and out. Most people have vacation time and less restrictive schedules in summer, so with enough advance notice, you could expect a greater guest turnout as well. And as far as fresh cuisine and al fresco dining, you can expect to serve all the summer favorites: watermelon, strawberries, BBQ, and family style dining.

As with any season, expect to plan accordingly to ensure you and your guest's comfort. With summer comes heat waves which can lead to blistering ceremonies under the sun. Fans, shade, and accessible water stations can provide some comfort but why not consider an evening wedding? We explore the benefits of evening weddings in our blog articles for the month of June: "[Evening Wedding Ceremonies](#)," and "[Evening Wedding Inspiration: Event Lighting](#)."
